

San Francisco State University (SFSU) is committed to providing a safe and healthful environment for the campus community. Consistent with this commitment is the need for clear communication about the hazards or accidents that occur on campus.

Topics:

- [How do I report a work-related incident, injury or illness?](#)
- [How do I report a spill, hazard, or concern?](#)

-If there is an EHS life-threatening emergency, please call 911.

Reporting a Hazard, Safety Concern, or Issue:

To report a hazardous material spill, exposure to a hazardous substance, or any other hazardous event, concern, or issue, please call the Environment, Health & Safety Department (EHS) at 415.338.2565 or send an e-mail to sfehs@sfsu.edu: In addition, complete the Employee/Student Hazard Report and return the completed form to the Environment, Health & Safety Department. Reports can be submitted anonymously.

To download and print the Employee/Student Hazard Report, please use the link below:
